

Accessibility

Effective date: September 18, 2026

Fellstead is operated by Solten Ventures LLC.

Fellstead is committed to making its digital services reasonably accessible and usable for a broad range of visitors and customers.

1. Our commitment

We aim to design, build, and maintain Fellstead websites, forms, documents, and core digital interactions with accessibility in mind. Our goal is to provide a usable experience for people with disabilities and to improve accessibility as the product evolves.

2. Accessibility practices

Depending on the format and technical environment, our accessibility efforts may include:

- clear page structure, headings, labels, and readable content hierarchy;
- keyboard-accessible navigation and controls where reasonably practicable;
- sufficient text contrast and legible typography;
- descriptive link text and meaningful labels for interactive elements;
- alternative text or equivalent descriptions for meaningful images where appropriate;
- documents and forms designed for reasonable readability and assistive-technology use;
- ongoing review of accessibility issues as services change.

3. Standards and continuous improvement

We use widely recognized accessibility principles, including guidance reflected in the Web Content Accessibility Guidelines (WCAG), as a reference point for improvement. Because Fellstead is an evolving service and may incorporate third-party tools, we do not claim that every page, document, or integration will conform perfectly to every accessibility standard at all times.

4. Third-party services and content

Fellstead may use third-party payment, form, document, scheduling, analytics, hosting, or other services. We do not control every aspect of third-party accessibility, but we consider usability and accessibility when selecting and configuring services where reasonably practicable.

5. Requesting assistance or an alternative format

If you experience difficulty accessing Fellstead, need an alternative format for a document, or need reasonable assistance completing a Fellstead process, contact hello@fellstead.com. Please describe the page, document, feature, or barrier involved and the type of assistance you need.

We will make reasonable efforts to provide access to the relevant information or service in an alternative way where practicable.

6. Feedback

Accessibility feedback is welcome. Please send comments or suggestions to hello@fellstead.com. We review accessibility issues as part of ongoing product and content maintenance.

7. Changes to this statement

We may update this Accessibility statement as Fellstead changes, as technical standards evolve, or as we improve our accessibility practices. The effective date above identifies the current version.
